

Introduction

The workshops are held in a relaxed atmosphere, where up to 12 staff of all levels and functions work together in groups to achieve the results required for everyday operations.

Aim

To show how dangerous goods are packed, marked, labelled and documented for shipment by road, air or sea. To ensure that all in the organisation contribute towards compliance, improved safety and effective dangerous goods movement. To give awareness of the requirements for helicopter deck personnel where applicable.

Outcomes

Delegates will be able to:

- Recognise the hazards associated with dangerous goods and make suitable assessments about compatibility of shipments
- Understand the core dangerous goods legislation as regards packaging, labelling, marking and documenting shipments
- Use the relevant texts to prepare dangerous goods shipments for transport by road, air and sea
- Understand how dangerous goods regulations affect helicopter deck operations

Suitable for: All levels of staff responsible for consigning known substances or articles of dangerous goods

Prior Knowledge/training: None required

Course Duration: ½ day

Numbers: Minimum 4, maximum 12
